

# WALT DISNEY World®

Hannah,

We are all so excited that you are coming to stay with us in July! We are going to have so much fun! Everyone here is super excited for your very first trip to visit us here! There is so much to see, do and explore here at Walt Disney World! Your aunt and uncle reached out to me directly, and I put together a quick little care package to help you learn all about all the things to see, to do, and to eat! What kind of friend would I be, if I didn't tell you about the amazing treats you will have. You will be arriving on the 5<sup>th</sup> of June and will be with us through the 11<sup>th</sup> of July.

I hope your hungry too, as you have the Disney Dining plan, which you will get 2 meals, and 2 snacks a day, plus a cool cup that you can refill every time you want at your resort hotel. Speaking of Hotels, you will be staying at our fabulous resort called All Star Music, in a Family Suite. There is a ton of room to get comfortable for your entire stay! You will be close to the pool, which you will really like when its hot outside! On the day you arrive, you will be able to focus on this, as you will be relaxing at your resort, unpacking, and floating in the pool. This is when you will get your Resort mug and get to try all the fancy options in the food court! You will be with us for a whole 7 days! 5 of those are to explore the parks and get in a ton of fun and excitement! I heard that you are driving here from Tennessee! I have included a few things to help make the drive more fun.

I live at Magic Kingdom, be sure to come visit me in Storybook Circus! You will also be visiting EPCOT, Hollywood Studios, and Animal Kingdom as well. There are so many things I want to tell you, but I can't ruin the surprises you will experience while here. There are so many things to do and see in each park that I've included some videos for you to watch with your brother Henry, as I hear he will be coming to visit us as well!

We are so excited to see you when you get here in July.

Much Love,

Dumbo
